

A simple question

Bearing in mind their catastrophic humanitarian impact, their nature as weapons of mass destruction, and the object and purpose of the NPT, should nuclear weapons be:

- A. Legal?
- B. Illegal?
- C. Legal for some, but not for others?

If you answered A, why are you in the NPT?

If you answered B, why don't you negotiate a treaty to make them illegal?

If you answered C, how long do you think you can get get away with it?
